

PLASTIC CARD UPGRADE OPTION

SOLO has recently made a new card option available for anyone with a current Wilderness First Responder or Wilderness EMT certification. These cards are made of durable plastic that will allow you to take your card into the backcountry without having to worry about it ripping, getting water stained, or blowing away.

If you would like to upgrade your current certification to a plastic card, please fill out the information below; send in a **copy** of your current card and the \$10 upgrade fee.
