

SOLO CAMPUS PACKING LIST

If you are lodging at the SOLO campus for one of our courses, the following is a list of items that you should pack with you. Some of these items are seasonal and won't be needed depending upon when and/or where your course takes place.

For the Dorm:

Twin fitted sheet - optional (SOLO provides these, however, you may prefer your own)

Twin flat sheet

Pillow case

Towel

All Toiletries

*Sleeping bags are strictly prohibited from the dorm as they can often carry unwanted critters.

SOLO provides pillows, fitted sheets, and comforters

Optional:

A book reading light – if you need to read at night in your room, please be respectful of those who would like to go to bed earlier. This will allow the room light to stay off if you want to read in bed.

Hair dryer

Alarm clock

For the Classroom/Outdoor Scenarios:

Please dress appropriately for the classroom and outdoor sessions. In the winter, the classroom can be chilly. We recommend that you bring/wear a sweatshirt that you can take off if it gets too hot.

A backpack with gear from course-associated recommended gear list

Writing utensil

Notebook

Shoes/sneakers/hard sole slippers (For classroom space)

Boots/sneakers for practical scenarios (please make sure they are appropriate for time of year)

Travel mug with lid (no open containers allowed in the main building)

Dining Hall:

Although meals are provided, some students have special dietary restrictions/preferences that we are not able to accommodate. We have one refrigerator that is designated for students' food/drinks. Please feel free to bring food/snacks with you and to CLEARLY LABEL these items with your name. With larger classes, please be respectful of how much you are putting in the fridge, as space can be limited.

**As a reminder, there is absolutely no alcohol allowed on the SOLO campus. If a student is caught drinking or carrying alcohol anywhere on campus, it is grounds for immediate dismissal from the program.
